

FUTURE MAN

EARTH.

THE "BLUE MARBEL" HAS BEEN IRREVERSABLY DAMAGED BY THE HUMANS WHO ONCE LIVED ON IT.

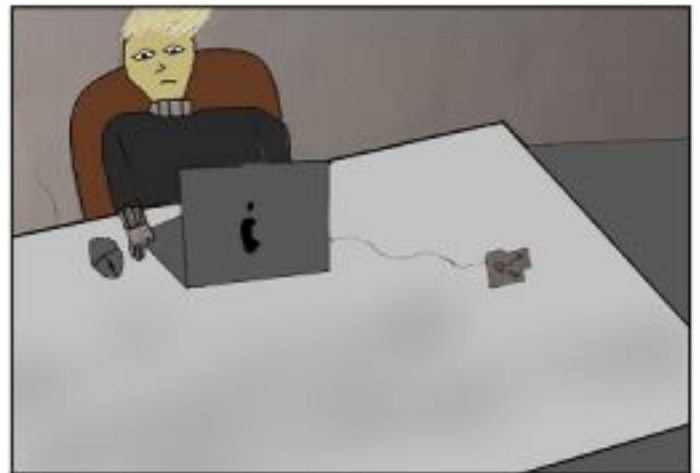

THE POPULATION OF THIS ONCE BOUNTIFUL PLANET HAS BEEN REDUCED TO LIVING ON THEIR SPACECRAFTS.

THEY NOW LIVE ON THESE SPACESHIPS, LONGING FOR WHAT THEY ONCE HAD.

BUT HOW DID THIS HAPPEN? HOW COULD THIS ONCE BEAUTIFUL PLANET, HARBOURING DIVERSE LIFEFORMS, BE DESTROYED BY ITS OWN INHABITANSE.

WELL, ONE PHYSICIST, BY THE NAME OF TERRANOS, IS ABOUT TO FIND OUT.

HE WHO DISCOVERED THE SECRETS OF TIME TRAVEL...

AND WILL CHANGE THE PAST FOR THE BENEFIT OF THE FUTURE.

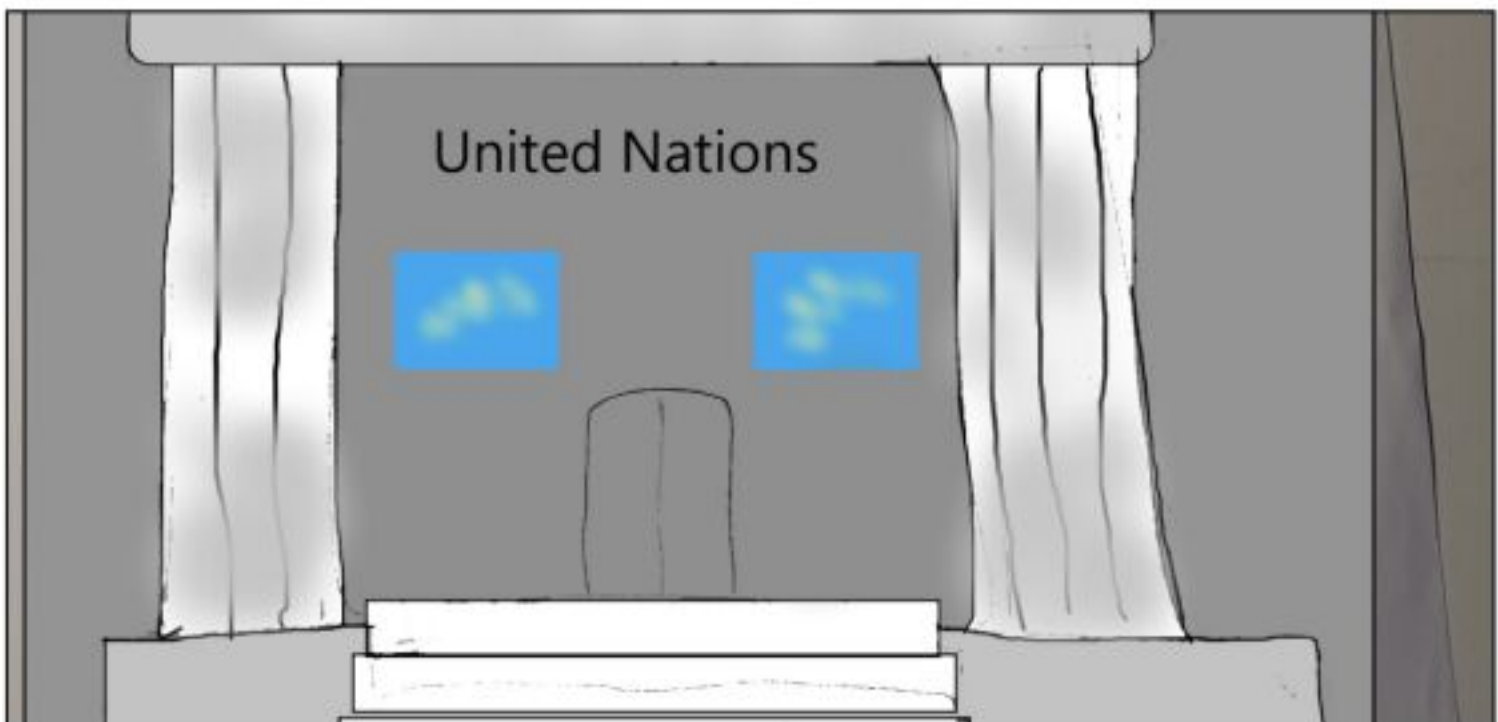

MANHATTAN, NEW YORK,
2024

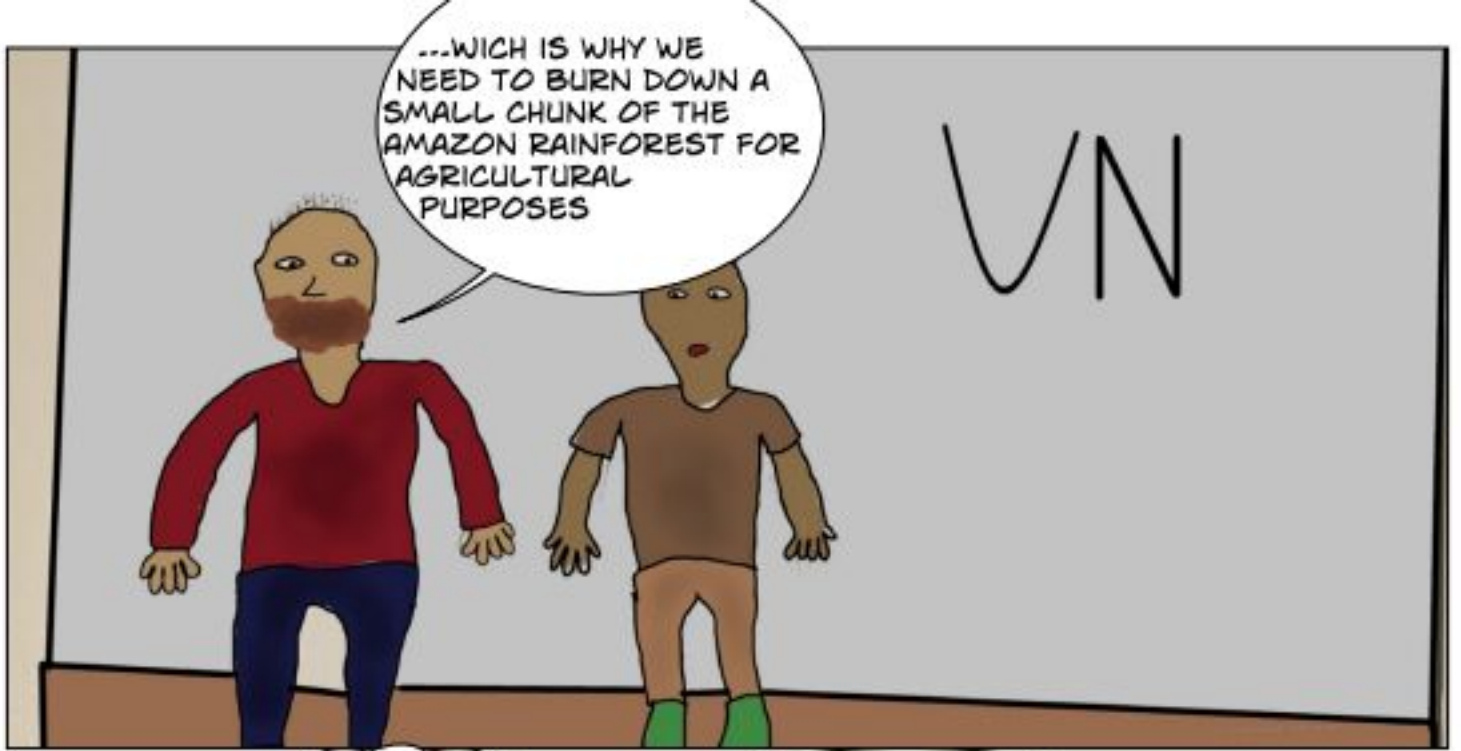

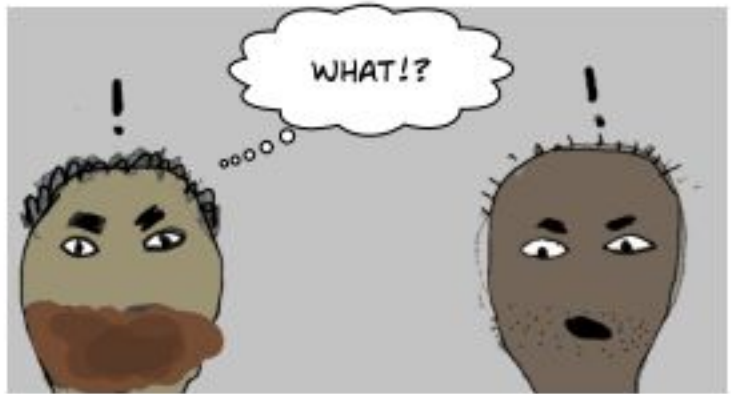

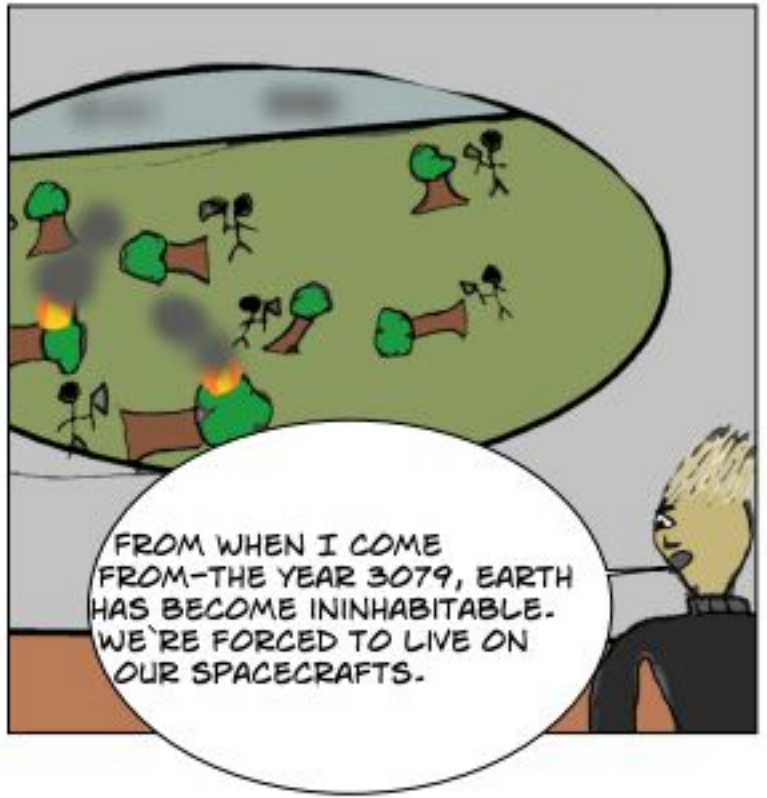

I'VE
GOT TO MAKE MY WAY
OVER TO THE UN
BUILDING

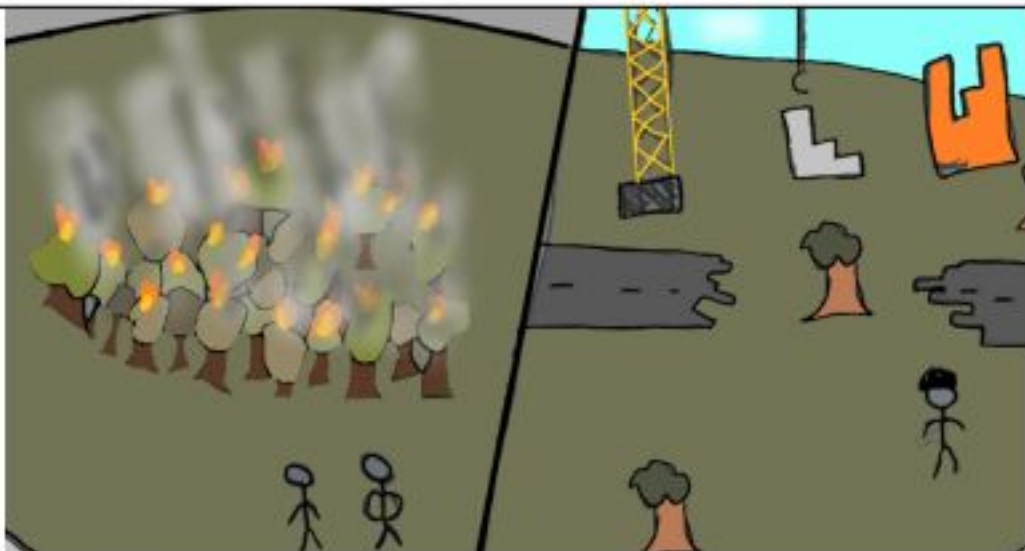

United Nations

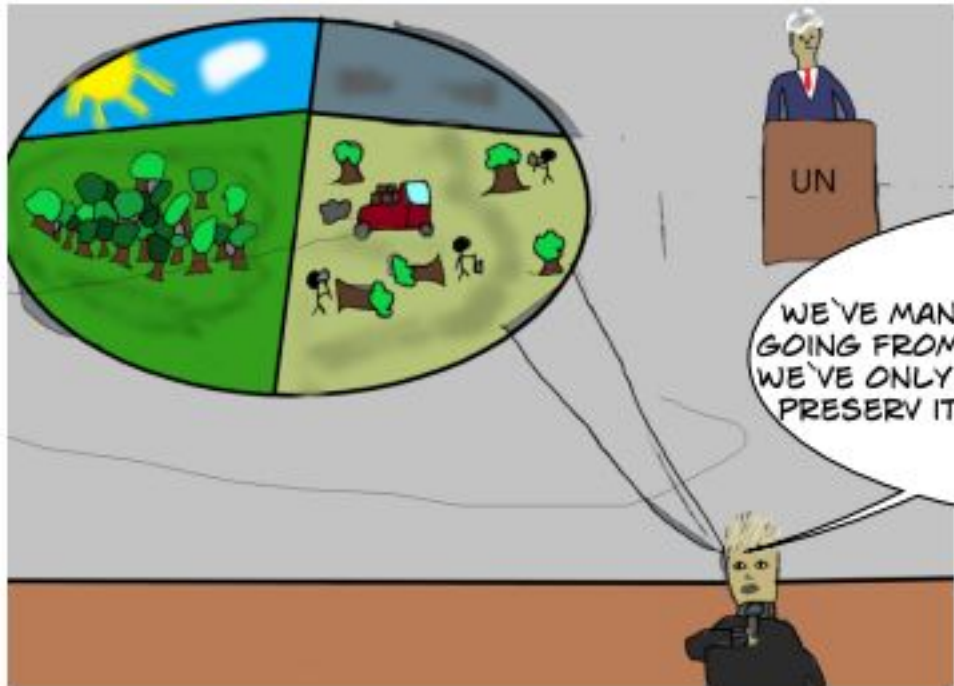

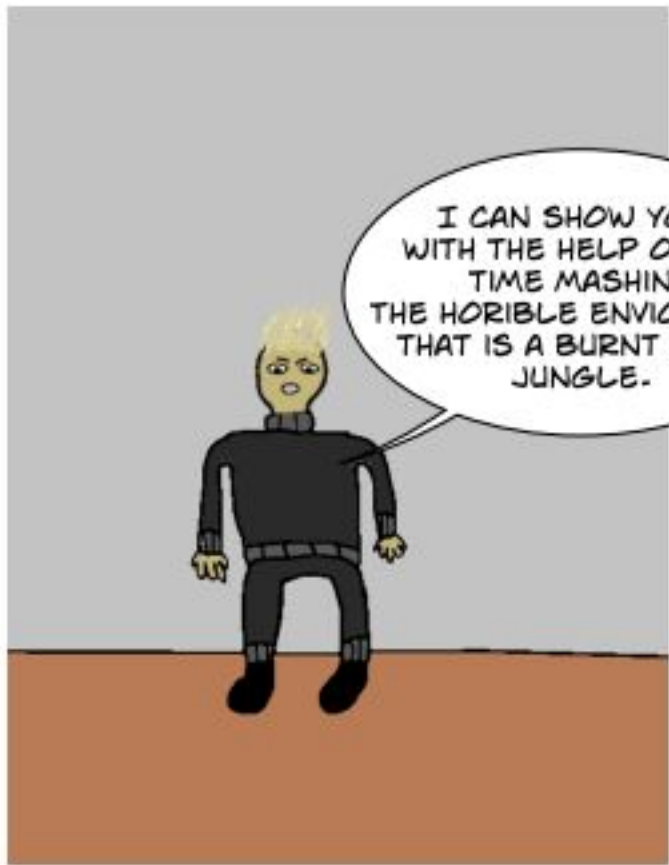

" THINK OF WHAT WE'RE DOING, RUINING OUR PLANET FOR SHORT-TERM GAINS, AND IGNORING THE TROUBLES OF THE FUTURE."

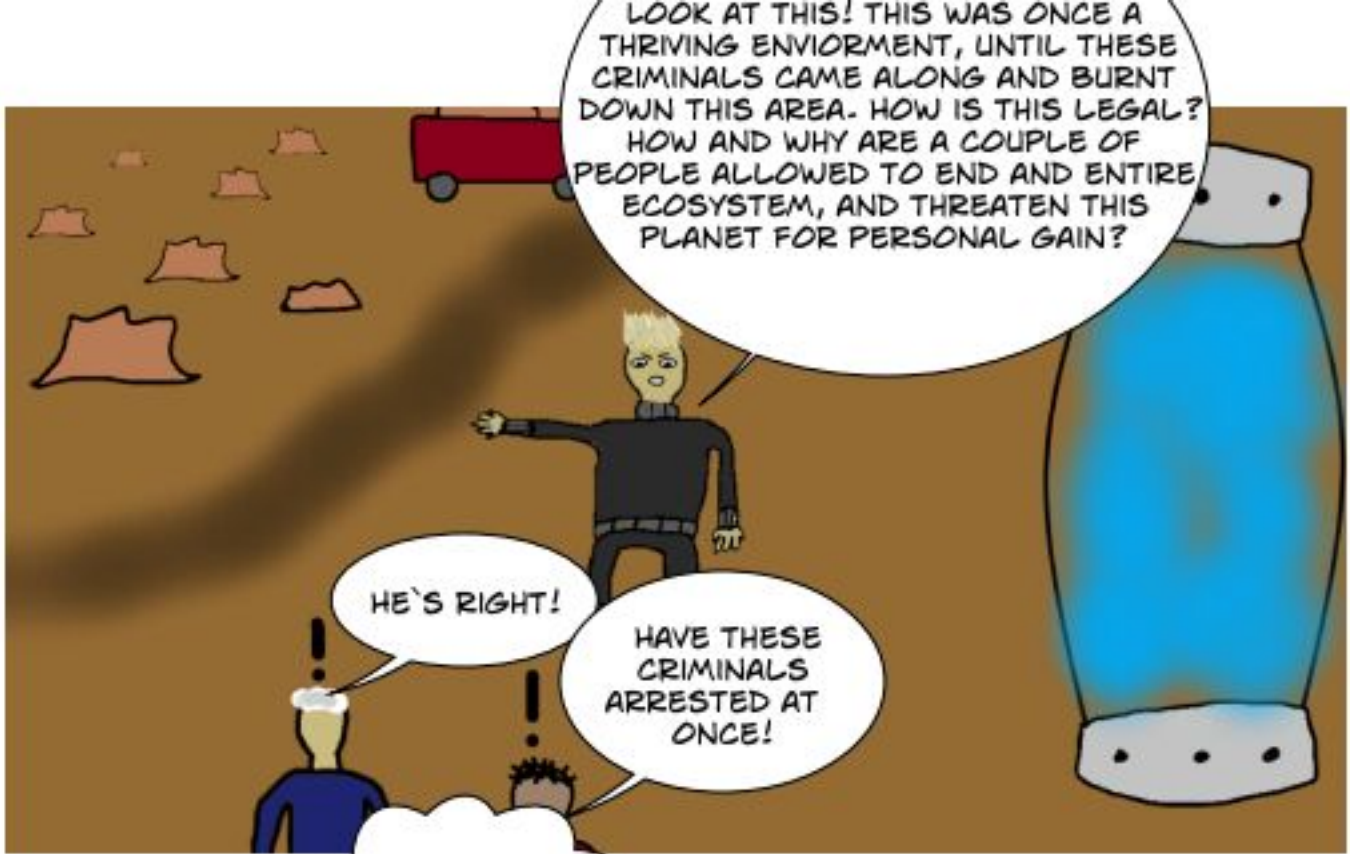

WE'VE MANAGED SO MUCH AS A SPECIES, GOING FROM STICKS TO INDUSTRIALISATION. WE'VE ONLY GOT ONE EARTH, SO WE MUST PRESERVE IT. FOR HUMANITIES'S SAKE.

I CAN SHOW YOU, WITH THE HELP OF MY TIME MASHINE THE HORIBLE ENVIORMENT THAT IS A BURNT DOWN JUNGLE.

WALK IN TO THIS MASHINE, AND I'LL SHOW YOU THE BURNT DOWN RAINFOREST.

THE END
